

EXTRA WIDE 5-TOE TOECAP PROVIDES MAXIMUM COMFORT FOR YOUR TOES

KING'S 5-toe toecap

Conventional toecap

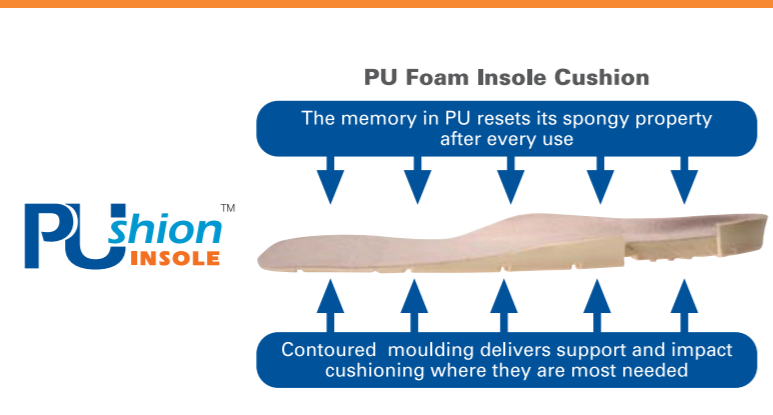

KING'S 5-toe toecap
Conventional toecap

KING'S spacious 5-toe toecap provides maximum comfort for your toes

Conventional toecaps are narrower and tend to squash your toes

EXTRA THICK CONTOURED PU INSOLE FOR ENHANCED CUSHIONING

PU Foam Insole Cushion

The memory in PU resets its spongy property after every use

Contoured moulding delivers support and impact cushioning where they are most needed

Ergonomically designed to provide maximum support

PUSHion has a specially moulded cushioned arch support and a cupped heel for heel support.

Remains spongy and last longer

PUSHion has memory that resets its spongy property unlike normal EVA insole.

Anti-static provision

The antistatic thread sewn into the PUSHion insole provides conductivity to preserve the anti-static property of the anti-static footwear.

Massages your heel

PUSHion has specially designed "massage studs" to reduce fatigue on heel.

Superior shock absorption properties

PUSHion significantly reduces stress of impact on the heel and the forefoot as compared to normal EVA insole.

Keeps your feet fresher all day long

PUSHion is lined with breathable and moisture transmitting top lining that contains anti-microbial additives which reduces foot odor.
